<RICK@6087217660> on what

<susana@art_room> my project is: art_room is an online performance, that happens in a chat room, and anyone can meet the artist and ask everything they always wanted to know about contemporary art.

<RICK@6087217660> i frame art

<RICK@6087217660> for a living

<susana@art_room> really?

<RICK@6087217660> yes

<typhoid@art_room> interesting

<susana@art_room> you must be very skillful

<RICK@6087217660> i guess

<typhoid@art_room> u make frame also rick?

<RICK@6087217660> iv been doing it now for 22 years

<susana@art_room> it is an accurate task

<RICK@6087217660> yes

<susana@art_room> quite a while

<RICK@6087217660> yup

<typhoid@art_room> i tried to do that for my mum once

<susana@art_room> and have you seen some of your frames in famous places?

<RICK@6087217660> the pope got one of mine

<typhoid@art_room> bought a router and all

<typhoid@art_room> didnt get far though

<susana@art_room> and in museums?

<susana@art_room> what is router?

<RICK@art_room> is that you sus

<typhoid@art_room> a power tool for cutting shapes into wood

<RICK@art_room> in art room

<susana@art_room> yes that's me

<RICK@art_room> you are beautiful

<susana@art_room> thanks typhoid

<susana@art_room> thanks a lot for the compliment

<RICK@art_room> any time

<susana@art_room> do you have a question about art that you always wanted to ask

<susana@art_room> but never had the chance or the guts?

<RICK@art_room> no ive seen it all

<susana@art_room> :)

<typhoid@art_room> hmm

<RICK@art_room> ever get to michigan

<susana@art_room> never, just NY

<RICK@art_room> ok

<RICK@art_room> well you better stop here once

<susana@art_room> have you been to NY?

<RICK@art_room> we do a special process to prints and photographs

<RICK@art_room> and some orig...

<susana@art_room> what is that process?

<RICK@art_room> we put the art on a board and finish it with acrylic

<RICK@art_room> makes a print look like a painting
<RICK@art_room> and preserves it for ever
<susana@art_room> I've seen that
<susana@art_room> for ever and ever?
<RICK@art_room> this is a special acrylic
<RICK@art_room> the owner developed it
<susana@art_room> sounds nice
<RICK@art_room> himself
<RICK@art_room> no glare like you have with glass
<typhoid@art_room> is all art expression
<RICK@art_room> and non glare glass dulls the image
<RICK@art_room> this acrylic enhances the inks
<susana@art_room> it is supposed to
<RICK@art_room> gives it a warm rich look
<RICK@art_room> yes
<susana@art_room> has he sold his process?
<RICK@art_room> no all trade secrets
<RICK@art_room> hes working with extereir house paints to improve them by many years
<susana@art_room> sounds interesting
<RICK@art_room> could revolutionis the industry
<susana@art_room> how far is lake michigan from where you live?
<RICK@art_room> 40 miles
<susana@art_room> more or less 60 km
<RICK@art_room> go to the website
<RICK@art_room> thewoodengallery.com
<RICK@art_room> ok
<RICK@art_room> ??
<susana@art_room> going
<RICK@art_room> ok
<RICK@art_room> find it?
<RICK@art_room> read and look around
<susana@art_room> it looks quite professional
<RICK@art_room> oh ya
<susana@art_room> the technic is interesting
<RICK@art_room> we wholesale to many
<RICK@art_room> stores
<RICK@art_room> thanks
<susana@art_room> it reminds me of normal varnish, but used in a really protective way
<RICK@art_room> no varnish
<RICK@art_room> pure acrylic
<susana@art_room> yes I know
<susana@art_room> but painters used it to achive this purpose
<RICK@art_room> we buy print from 100s of publishers
<RICK@art_room> yes

<RICK@art_room> it has an archival value of many years
<RICK@art_room> with uv protection
<susana@art_room> that's important
<RICK@art_room> makes prints framed under glass look like Kmart
<susana@art_room> I remember everyone of what is happening here today
<RICK@art_room> ??
